Responsibility of Captains

The captains are responsible at all times for ensuring that play is conducted within the Spirit of the Game as well as within the Laws.

Player's Conduct

In the event of any player failing to comply with the instructions of an umpire, criticising his decision by word or action, showing dissent, or generally behaving in a manner which might bring the game into disrepute, the umpire concerned shall in the first place report the matter to the other umpire and to the player's captain, requesting the latter to take action.

36 ECB DIRECTIVES (2009)

36.1 Fast Bowling Match Directives

Issued March 2002. For any subsequent changes visit www.play-cricket.com

Age	Max. overs per spell	Max. overs per day	Age	Max. overs per spell	Max. overs per day
Up to 13	4 overs per spell	8 overs per day	U16, U17	6 overs per spell	18 overs per day
U14, U15	5 overs per spell	10 overs per day	U19	7 overs per spell	21 overs per day

For the purposes of these Directives a fast bowler should be defined as a bowler to whom a wicket keeper in the same age group would *in normal circumstances* stand back to take the ball.

Having completed a spell the bowler cannot bowl again, from either end, until the equivalent number of overs to the length of his* spell have been bowled from the same end. A bowler can change ends without ending his current spell provided that he bowls the next over that he legally can from the other end. If this does not happen his spell is deemed to be concluded. If play is interrupted, for any reason, for less than 40 minutes any spell in progress at the time of the interruption can be continued after the interruption up to the maximum number of overs per spell for the appropriate age group. If the spell is not continued after the interruption the bowler cannot bowl again, from either end, until the equivalent number of overs to the length of his spell before the interruption have been bowled from the same end. If the interruption is of 40 minutes or more, whether scheduled or not, the bowler can commence a new spell immediately.

Once a bowler covered by these Directives has bowled in a match he cannot exceed the maximum number overs per day for his age group even if he subsequently bowls spin. He can exceed the maximum overs per spell if bowling spin, but cannot then revert to bowling fast until an equivalent number of overs to the length of his spell have been bowled from the same end. If he bowls spin without exceeding the maximum number of overs in a spell the maximum will apply as soon as he reverts to bowling fast.

Captains, Team Managers and umpires are asked to ensure that these Directives are followed at all times.

*Any reference to he/his should be interpreted to include she/her.

Age groups are based on the age of the player at midnight on 31st August in the year preceding the current season.

36.2 Safety Guidance on the Wearing of Cricket Helmets by Young Players

In February 2000 the England and Wales Cricket Board (ECB) issued safety guidance on the wearing of helmets by young players up to the age of 18. This original guidance document can be found at www.play-cricket.com/helmets.

In brief, the guidance recommends that:

Constitution / Rules – Cornwall League

- helmets with a faceguard or grille should be worn when batting against a hard cricket ball in matches and in practice sessions
- young players should regard a helmet with a faceguard as a normal item of protective equipment when batting, together with pads, gloves and, for boys, an abdominal protector (box)
- young wicket-keepers should wear a helmet with a faceguard when standing up to the stumps.

With the assistance of schools, cricket clubs and leagues, the wearing of helmets by young players is now standard practice in cricket throughout England and Wales. Helmets are widely available and are covered by a British Standard (BS7928:1998).

The original guidance allowed parents or guardians to give their written consent to allow a young player not to wear a helmet. However now parental consent to allow a young player not to wear a helmet should not be accepted in any form of cricket.

A face protector represents an alternative head protection system for young wicket keepers.

Face protectors are, at the time of publication of this guidance, a relatively new innovation. ECB is currently working with manufacturers in order to achieve a British Standard in relation to all face protection technology for juniors.

In the meantime The NZ and Australian cricket helmet standard AS/NZS 4499 is the closest standard for the faceguard. The standard has three parts to it (4499.1) the helmet (4499.2) the temple pieces and (4499.3) the grill. The nature of the product is such that the only relevant part of that standard is part 3, and not all the parts of the test apply mainly because the faceguard does not attach to a helmet.

This guidance applies to all players up to the age of 18, both in adult cricket and in all junior cricket played with a hard cricket ball. The guidance also applies during all practice sessions. Any individual taking responsibility for players should take all reasonable steps to ensure that this guidance is followed at all times.

The ECB asks that the guidance is communicated to the parents or guardians of all young players through clubs and schools, and that young players are not allowed to bat or stand up to the stumps when keeping wicket against a hard ball without wearing appropriate protection.

36.3 Fielding Regulations

- No young player in the Under 15 age group or younger shall be allowed to field closer than 8 yards (7.3 metres) from the middle stump, except behind the wicket on the offside, until the batsman has played at the ball.
- For players in the Under 13 age group and below the distance is 11 yards (10 metres).
- These minimum distances apply even if the player is wearing a helmet.
- Should a young player in these age groups come within the restricted distance the umpire must stop the game immediately and instruct the fielder to move back.
- In addition any young player in the Under 16 to Under 18 age groups, who has not reached the age of 18, must wear a helmet and, for boys, an abdominal protector (box) when fielding within 6 yards (5.5 metres) of the bat, except behind the wicket on the off side. Players should wear appropriate protective equipment whenever they are fielding in a position where they feel at risk.
- These fielding regulations are applicable to all cricket in England and Wales. Age groups are based on the age of the player at midnight on 31st August in the year preceding the current season.

36.4 Junior Cricketers playing In Open Age Matches

The ECB has issued the following guidance covering the participation of young cricketers in open age matches. This guidance applies to boys and girls and any reference to he/his should be interpreted to include she/her. Age groups are based on the age of the player at midnight on 31st August in the year preceding the current season.

Guidance for Clubs and Leagues

- All clubs must recognise that they have a duty of care towards all young players who are representing the club. This duty of care also extends to Leagues that allow the participation of young players in open age teams in their League. The duty of care should be interpreted in two ways:
 - Not to place a young player in a position that involves an unreasonable risk to that young player, taking account of the circumstances of the match and the relative skills of the player.
 - Not to create a situation that places members of the opposing side in a position whereby they cannot play cricket as they would normally do against open age players.

In addition the following specific requirements apply to young players in open age matches:

- All young players who have not reached their 18th birthday must wear a helmet with a faceguard when batting and when standing up to the stumps when keeping wicket. A face protector represents an alternative head protection system for young wicket keepers. Parental consent not to wear a helmet should not be accepted in open age matches. A young player acting as a runner must also wear a helmet even if the player he is running for is not doing so.

Constitution / Rules – Cornwall League

- The current ECB fielding regulations must be adhered to and enforced by the umpires and captain. The umpires are empowered by these fielding regulations to stop the game immediately if a young player comes within the restricted distance.
- The umpires and the opposing captain must be notified of the age group of all players participating in an open age match who are in the Under 19 age group or younger even if the player is not a fast bowler. This requirement also covers any young player taking the field as a substitute fielder. The ECB Team Sheet cards are freely available to facilitate this.
- Any player in the Under 13 age group and younger must have explicit written consent from a parent or guardian before participating in open age matches. Clubs must ensure that their player registration procedures ensure that consent is obtained. The guidance related to changing and showering (see 'Safe Hands' – Cricket's Policy for Safeguarding People) must be adhered to.
- Any club wishing to play a player in the Under 11 age group in an open age League or Cup match must obtain the explicit prior approval of the League or Cup management before the player can play. Approval should only be given to exceptionally talented players. It is recommended that advice is sought from the County Age Group Coach or other ECB Level 3 coach as appropriate.

Clubs and Leagues can apply more strict restrictions on the participation of young players in open age matches at their discretion. (**Refer to League Rule 14.1.14**) It is strongly recommended that a parent, guardian or other identified responsible adult is present whenever a player in the Under 13 age group or younger plays in an open age match. This could include the captain or other identified open age player taking responsibility for the young player.

This guidance applies to all cricket in England and Wales from the beginning of the 2009 season.

36.5 ECB Anti Doping Policy

The CCL adopts the Anti-doping Code of the ECB and will take such necessary actions or operate a system of controls as required by the Cornwall Cricket Board.

36.6 ECB Equity Policy

The CCL is fully committed to supporting the principle and practice of equity. No participant or volunteer in any area of Cornish League Cricket will receive less favourable treatment on the grounds of age, gender, parental or marital status, colour, race, ethnic origin, creed, disability, social status or sexual preference or will be disadvantaged by conditions or requirements that cannot be shown to be relevant to performance. The CCL adopts the ECB Cricket Equity Policy in all respects."

37 DEALING WITH 'ECB CODE OF CONDUCT' BREACHES - STANDARD TARIFF OF WARNINGS & SUSPENSIONS

Certain conduct, whether on or off the field of play, amount to a breach of the Laws of Cricket and/or Spirit of Cricket. The LMC has classified such acts of misconduct under system of Level grading (1 -3) from minor to major offences with fixed match suspension penalties to be imposed on club Player(s) and/or Captain being guilty of such misdemeanour (s).

These are listed below and shall apply in all cases as reported by CACO Panel Umpires in 'Higher Tier' (Premier/County One) matches they have been appointed to officiate.

Level	Breach of Code of Conduct	Imposed Match Suspension		
		Player	Capt. as Player	Capt. in Charge
1	a) Unfair play, relating to MCC Law 42	1	2	
	b) Abuse of ground, equipment or fixtures, both on and off the field of play	1	2	
	c) Showing dissent at umpires decision by word or action	1	2	
	d) Excessive appealing	1	2

Constitution / Rules – Cornwall League

3	a) Intimidating or threatening behaviour	3	4	
	b) Racial abuse or comments that could be interpreted as such	3	4	
	c) Physical Assault on or off the field of play	8	10	

Reporting Procedure

When the umpires consider a breach to have taken place but it is not of a sufficiently serious nature (Level 1 only) to warrant full disciplinary report to the League Management, the following procedure should be adopted:-

- i) Initially, having a quiet word (informal warning) to the player and his Captain
- ii) Should such informal warning prove ineffective and repetition takes place, a formal warning to be issued with player's captain notified. The umpires shall have authority to issue a formal warning without previously having issued informal warning should the nature of the offence so warrant.
- iii) Formal warning(s) to be recorded on the 'Match Result Sheet' with player's name and offence details.
- iv) Both Captains to be made aware of reported incident on 'Match Result Sheet'. This shall constitute a 'Complaint' or 'Protest' as per Section E: 27(i) of CCL Rules.

Level 1 Offences

For Level 1 misdemeanours, hereby classified as 'Minor Offences', there shall only be need for umpires to report such occurrence on the 'Match Result Sheet'. The 1st reported recording shall be notified to the Club by the League and shall serve as a **First and Final Warning** to the player/club concerned with no further immediate action to be taken.

Should a further offence at same level be reported by any umpire during the same season, the League shall inform the Club who must immediately suspend the player for the next CCL match(es) in that he is eligible and available to play.

Level 2 & 3 Offences

For Level 2 and 3 offences, hereby classified as 'Major Offences', the umpires, as well as recording formal warning on 'Match Result Sheet' must also complete a full CACO report and circulate copies as required. The procedures that shall follow will be same as previously applied, except that the CCL Disciplinary Committee will act solely in dealing with them.

Repeated Offences

Should a Player or Captain who, within 12 months of serving a suspension, commit a further proven offence, apart from that of 'Physical Assault', then the above penalties as previously imposed shall be doubled.

For a second proven offence of 'Physical Assault', within 12 months of serving a suspension, the penalty shall be for 3 Year period.

Disciplinary Action taken by LMC

The CACO Secretary and Umpires reporting incident(s) to be notified of disciplinary outcome by the CCL Secretary or Disciplinary committee Secretary, within 7 days of such decision(s) being taken.
